

WORKSHEET

How sustainable is your strawberry?

Each group will need one information card.

Stride

Supporting global citizenship in schools

www.stridemagazine.org.uk

<p>Grown in Scotland</p> <ul style="list-style-type: none">❖ Fruit available only when in season.❖ Most workers only needed seasonally.❖ How is it picked and distributed?❖ Can the packaging be recycled?❖ How are pests controlled? Is it nature friendly?❖ How good are the flavour, colour, shape and texture?❖ Are they affordable?	<p>Imported from Spain</p> <ul style="list-style-type: none">❖ Fruit is available for most of the year❖ The fruit needs to be transported miles from Spain to Scottish supermarkets.❖ How well are the pickers paid?❖ How are the pests controlled? Is it nature friendly?❖ How good are the flavour, colour, texture and shape?❖ Are they affordable? Does the price stay the same?
<p>Pick your own</p> <ul style="list-style-type: none">❖ Is this a social and educational activity?❖ Most journeys by pickers use fuel and produce exhaust emissions.❖ Is it available only to those with transport?❖ Is the growing process nature friendly?❖ How good is the flavour, colour, shape and texture?❖ What is the cost?	<p>Grown in school garden</p> <ul style="list-style-type: none">❖ Small scale! It does not make money.❖ Does it have a good flavour, colour, shape and texture?❖ How do we control pests and ensure pollution?❖ There is no transport or food miles.❖ No packaging.❖ Do all the pupil get to participate in the school garden?
